An introduction to Tariff Analyser

Porrima's mission is simple. To help you convert more business, while helping you retain the existing customers that you have worked so hard to win.

With Porrima's Tariff Analyser, you can perform independent, cost effective, comprehensive and accurate analysis on your customers' current mobile and fixed line bills.

With a full and accurate breakdown of your customers' bills, you can more easily demonstrate cost savings, and ensure your proposals reflect their actual needs and usage.

The most cost effective and comprehensive Mobile & Fixed Line analysis solution available:

- ➔ Mobile & Fixed Line reports
- ➔ For both existing and new customers
- ➔ Recommended tariff/package as part of our reports
- ➔ Accurate out-of-bundle comparisons
- ➔ Select the pages you would like as part of the final report
- ➔ Choice between Porrima-branded, joint-branded or your own branded reports
- ➔ 24-72 hour turn around
- ➔ Integrate our analysis report with Proposal Manager - full solution in one!
- ➔ White label Tariff Analyser

Bill formats explained

Porrima accepts any of the following formats:

CSV/Excel

Itemised usage files in a spreadsheet format

Web Portal Logins

If your customer is happy to provide you with their login details then we are happy to access the data required ourselves. But if you need some help, then get in touch and we'll help you download the relevant data we need.

PDF

Full copies of itemised bills as a PDF file

Disk

Files too large to email? We are happy to accept disks

Paper bills

We accept all original paper bills and they will be returned to you once the analysis is complete

Photocopy

We accept photocopies, provided the quality of the photocopy is sufficient for our system to be able to read the data

When your report is ready

We will have your report ready within 48 - 72 working hours. Just bear in mind that photocopies or paper bills may take longer, but we will email you and keep you updated if we think there will be any delays.
